This Agent entered on duty on 8-20-41 as an Under Clerk in the New York Office and at the time of his appointment as an Agent he was employed as a Clerk in grade CAF-2, \$1440 per annum. His last efficiency rating was VERY GOOD.

At the conclusion of his training period on 4-17-43; Mr. Clegg said he presented an excellent but young appearance and should prove reliable in the field, was certainly a good average in his class, and it was believed he would bring a seriousness to his work and would show good judgment in general.

On 4-17-43 he was assigned to the Washington Field Office. By Bureau letter dated June 10, 1943, he was CENSURED for the unsatisfactory manner in which he conducted an investigation relative to [REDACTED] an applicant for a position in the Office of Emergency Management. Mr. James Rowe, Jr., the Assistant to the Attorney General, characterized the investigative procedure of this Agent as "rather sloppy."

On 6-17-43 SAC Hottel gave him an adjective rating of GOOD and said he presented a young but otherwise favorable appearance, was not lacking in force, was rated as a very good dictator, had handled both general and applicant investigative cases, had shown interest and initiative in his work and had performed an average amount of overtime, his reports had contained a minimum of errors and his work was such that it had required a minimum of supervision, his contacts with law enforcement officials and the public generally had been satisfactory, and his progress had been satisfactory.

On 7-1-43 this Agent was ordered on transfer to the Miami Field Division. By letter dated 7-12-43 he was CENSURED and advised he was being SUSPENDED WITHOUT PAY for a period of three days in view of the fact he lost his wallet containing Government Transportation Request book, a book of Tax Exemption Certificates and Tax Exemption Identification Card which had been issued to him.

On 7-20-43 SAC Hottel rated him as FAIR PLUS and said it was felt he would make a satisfactory witness, had continued to show progress in his investigations and his work had been generally satisfactory, however, because of his carelessness with Bureau property, it was believed he was entitled to a rating of only FAIR PLUS.

On 7-25-43 he arrived in Miami. On 9-30-43 SAC Kitchin rated him as GOOD and said he exhibited a good knowledge of his work, apparently possessed initiative and was a very industrious type of individual, his volume of work was entirely satisfactory, there had been no occasion to criticize his judgment and his work appeared to be accurate, had an entirely satisfactory attitude, was above average dictator, although he would not

be assigned to dangerous assignment without proper supervision, he had good possibilities along that line, his reports had been satisfactory and he reflected a good ability to contact officers and business men, his investigations had been thoroughly satisfactory but not to the point of wasting effort, as yet no supervisory, executive or administrative ability had been noted but it was believed he was possessed of potentialities and a possibility of becoming a good average Agent.

However, when the Milwaukee Office advised by letter of 2-11-55, that the name [redacted] was erroneously reported and amended pages were submitted to correct this mistake he should have seen to it that explanations from personnel responsible for this error were obtained together with recommendation for appropriate administrative action as required by existing Bureau instructions. Consideration had been given to his explanation that because the error committed by the Milwaukee Division was relatively minor and no dissemination of the report had been made additional correspondence was not necessary; however, this did not justify his failure to abide by existing regulations.

On 3-31-55 Mr. Branigan rated him SATISFACTORY and said he had been assigned to the supervision of espionage investigations. His assignments had been of a complex nature and cases under his supervision required constant research and minute supervision. He was one of the more experienced in the service concerning Soviet espionage matters, had the ability to analyze complex fact situations and he had a practical approach calculated to produce results. He had a thorough knowledge of Bureau rules, regulations, procedures and policy and he applied them with good sound judgment. He was cooperative, industrious and applied himself extremely well. He had excellent capabilities for further development and advancement. Mr. Belmont and Mr. Boardman concurred.

It is noted he had been trained as an Inspector's Aide in August, 1955, and was qualified to assist Inspectors on regular inspection.

By letter dated 9-22-55 he was advised that he was being reallocated to GS-14, \$10,320 per annum, effective 9-25-55.

The Director saw him on 9-23-55 when he called to express his appreciation to the Director for his recent reallocation to GS-14. The Director stated he made a good personal appearance. The Director discussed with him the responsibilities of his position and the imperative need for a toughening up in administration of work in order that the Bureau might avoid becoming the subject of any public criticism. On 3-31-56 Mr. Branigan rated him SATISFACTORY and said he had demonstrated his ability to handle and supervise complicated investigative matters. He had been assigned as Supervisor in Charge of the Sovme Unit. This Unit supervises highly complex investigations arising from Bureau Source Material and coordinates the communications intelligence work of the Bureau from an investigative standpoint. He had a clear understanding of the objectives of his Unit and had given the Unit sound, constructive guidance. He had demonstrated his ability to organize and plan work assignments to see that objectives were accomplished. He could function very effectively both as a case supervisor and as a coordinator of the work of others. He had directed the operations of one of the Bureau's most important and valuable informants in an intelligence matter having international ramifications.

He had demonstrated definite administrative qualities in the coordination of the work of the Sovme Unit. He had devoted considerable time to researching and examining the specialized procedures of the Unit in order to attain better efficiency. He was interested in administrative advancement. In view of his demonstrated supervisory and administrative ability it was believed he represented excellent potential for further development. It was believed that he was immediately capable of discharging the responsibilities of an ASAC.

By memorandum dated 4-11-56 Mr. Nease advised this agent was on the ASAC Advancement List. Mr. Nease interviewed him on 4-11-56. He made an excellent personal appearance and appeared to be above average in every respect, and should make a very capable Bureau representative in whatever assignment he was given. He was anxious to progress as far in the Bureau as he had the capability. He suggested that a supervisor who had devoted the majority of his time to security work might find it advantageous to be given a supervisory assignment in the Investigative Division for a reasonable period of time prior to being transferred to the field in a supervisory capacity. Likewise, a Supervisor in the Investigative Division should be given an assignment in the Domestic Intelligence Division before going to the field. He felt that this would enable the employee in question to again become familiar with the work he had had the least to do with over the past several years. He also felt that some consideration might be given to giving those employees selected to go to the field in an administrative capacity some type of public speaking experience. In this regard Mr. Nease thought consideration might be given to having those employees on the ASAC Availability List given speaking engagements before a small group as part of their training for the ASAC job. Mr. Nease stated he was decidedly above average. He should be able to give a good account of himself as a field administrator and should be given early consideration for an ASAC assignment. The Director noted "Yes. H." It was believed that consideration should be given to Tully's suggestions enumerated above, as they seem to have considerable merit. The Director noted "Yes. H." "I think if possible Nease should do more of this kind of thing. I am convinced there is much fine material available but we are not spotting it as rapidly as we should, H." (Suggestions submitted by SA Tully were handled separately.)

He had an excellent attitude and the Inspector was impressed with his over-all qualifications.

The Director saw him on 2-6-61 and stated he discussed with Mr. Tully some of the matters in the Cincinnati Office, particularly the fact that the Director noted there was a large number of classes of cases in excess of 8% in delinquency and this was undersirable and should be immediately corrected. His attention was called to the fact that the Cincinnati Office had dropped 46% in Fines, Savings, and Recoveries for the first six months of the current fiscal year when compared with a similar period of the previous fiscal year and he should look into this situation. The fact that the Agents were spending too much of their time in the office was discussed with him, it being noted that for December it was 25.57%. The Director stressed to him the necessity for developing quality informants, both in the security and criminal fields and in connection with the latter, the necessity for intensifying intelligence coverage of the activities of racketeers and hoodlums. His attention was called to the fact that there were 15 violations of the Federal Bank Robbery Statute which were unsolved and this was most undersirable and he should bear down on these to bring about an improvement. Mr. Tully left with the Director a book prepared on the Cincinnati Office.

DURING AN INSPECTION OF THE CINCINNATI OFFICE IN FEBRUARY AND MARCH, 1961, INSPECTOR J. L. KISSIAH stated ASAC Tully made an excellent appearance, had a winning personality, was a dedicated, loyal Bureau employee with excellent prospects for advancement. SAC Mason believed Tully was capable of assuming

position of SAC in an office the size of Cincinnati now but would like to give him additional training, particularly in public relations field, for the next 3 to 4 months prior to any transfer. Inspector concurred with SAC Mason's evaluation of ASAC Tully's capabilities but believed he should have inspection experience prior to SAC appointment. 2 substantive errors were found on his desk, both attributed to others. He had been strongly admonished to insure closer supervision by subordinates and no censure was warranted.

In a memorandum to Mr. Belmont dated 3-2-61, Mr. W. C. Sullivan advised that he recently spent a week in the Cincinnati Division and saw a great deal of ASAC Tully. Mr. Sullivan talked with him at great length. Also, he participated with Mr. Sullivan in seminars and Mr. Sullivan had a chance to observe the way he handled some of his personnel. There was no question but what he could effectively operate a field division as SAC, and his capacity was so broad that this evaluation need not be limited to small offices. He made an outstanding fine appearance. His poise, intelligence, knowledge, executive capacity, dress, intimate knowledge of FBI policies and procedures, contact abilities, and public relations interest could be characterized only as outstanding. He was qualified to handle complicated investigative matters and to supervise them. He was outstanding in ability for leading raids and dangerous assignments. Although adept at paper work management, he had been top-notch in providing on-the-scene leadership in many hazardous and delicate undertakings. He was an excellent team player and thought on a broad plane, rather than with the narrow perspective which dimmed the vision of some executives. He was the strongest investigative employee, supervisor and executive in the division. He was interested in, available for and had outstanding qualifications for administrative advancement.

OVERWEIGHT AGENTS

None of the agents assigned to the Washington Field Office are reported as being in excess of desirable weights limits.

BANK ROBBERY VIOLATIONS

The Washington Field Office from 7-1-68 through 5-15-70 had a total of 124 violations of the Federal Bank Robbery Statute consisting of 118 robberies, 2 burglaries and 4 larcenies.

Of these violations 82 robberies, 1 burglary and 3 larcenies or a total of 86 are solved. During this same period, 24 additional violations of the statute which occurred prior to 7-1-68 were also solved.

At the present time, there are 35 robberies, 1 burglary and 1 larceny pending unsolved in the Washington Field Office. Of these, 10 robberies occurred prior to 7-1-68.

FEDERAL JUDGES AND UNITED STATES ATTORNEYS

On 5-22-70 SAC, WFO advised that there are no vacancies for Federal Judges in the United States District Court or Court of General Sessions for the District of Columbia, nor is there a vacancy for the position of United States Attorney for the District of Columbia. There is authorization for ninety-eight Assistant United States Attorneys. There are at present ninety-six Assistant United States Attorneys on duty plus two on loan from the Department of Justice. We are not experiencing any delays in the prosecutive handling of our cases.

CRIMINAL INTELLIGENCE PROGRAM

As of April 30, 1970, Washington Field Office (WFO) had as office of origin 13 individuals under investigation in the Anti-Racketeering classification. This figure has remained fairly constant during the last year. Investigation to date indicates the majority of the subjects under investigation in this classification are gambling figures. There has been no indication of La Cosa Nostra members residing within WFO territory. Investigations have failed to reveal any operations in organized crime connected with membership of La Cosa Nostra.

As of April 30, 1970, this office had 79 office of origin gambling cases under active investigation, which is consistent with the case load carried in these categories in recent months. In addition to origin cases, WFO is frequently the major auxiliary office in gambling investigations conducted by the Alexandria and Baltimore offices.

Although only one statistic has been obtained this Fiscal Year to date in the gambling classifications, it is encouraging to note that ten individuals are subject to pending prosecution for violation of the antigambling statutes. In this regard it should be made emphatically clear that those cases having good prosecutive potential should receive priority investigative attention.

To date this office has utilized one electronic surveillance in a gambling matter involving one [redacted], which from all indications was very productive. With this in mind, coupled with the fact that the major gambling operations in the area covered by this office involve numbers and sports wagering, consideration should be given to recommending electronic surveillance coverage of those persons considered to be major operators. Additionally, inasmuch as the telephone system in the Washington, D. C., metropolitan area is such that toll free calls can be made to areas in Maryland and Virginia, use of a Pen Register (device which identifies numbers called with automatic dialing equipment) should be considered in those instances where electronic surveillance is anticipated.

b6
b7C

At the present time WFO is utilizing [redacted] top echelon informants and considering [redacted] targets for development in connection with the Top Echelon Criminal Informant Program (TECIP). Within the past one-year period they have increased their coverage of top echelon informants by [redacted] and increased their coverage targets by [redacted]. This is a desirable trend and should be continued.

b7D
b7E

Top echelon sources have made available quality data to WFO regarding organized gambling activity. There should be a concentrated effort to expand their coverage of organized gambling. This phase of their program should receive preferred attention.

STUDENT GROUPS (New Left)

The seriousness of student agitation and the threat posed by the New Left requires our careful attention and this should be made clear to the field. During the current academic year in excess of 693

demonstrations have taken place on college campuses. During these demonstrations over 2,471 individuals have been arrested and damages to campus facilities amounted to more than \$3 million. Approximately 200 police officers and 32 participants were injured during these incidents. In addition, during this year over 85 incidents of bombing and/or arson have occurred. Damages as a result of these incidents amounted to more than \$3,300,000.

During June, 1969, Students for a Democratic Society (SDS) National Convention split and resulting factionalism saw the Weatherman philosophy emerging for the first time, with identifiable leadership. In November, 1969, the Weatherman group had become sufficiently extremist, largely as a result of the mob violence in Chicago in October, 1969, to warrant their investigation as individuals based on being identified as Weatherman adherents.

During early February, 1970, Weatherman leaders implemented plans to go underground and form commando-type units to engage in terroristic tactics including bombings, arson and assassination as political weapons to bring about the revolution. March 6, 1970, brought about the first solid evidence of their stated intentions being carried out. The tremendous explosion at the residence of the father of a Weatherman activist in New York City and finding of undetonated bombs in police facilities in Detroit, Michigan, are known to involve Weatherman activists. Information has recently been received indicating extensive purchase of firearms and explosives by Weatherman members. In addition, information has been developed concerning the use of codes and secret contact points by the Weatherman activists to coordinate their activities.

In the territory covered by the Washington Field Office (WFO) there are reportedly no chapters of the SDS active on the campus at educational institutions in this area at this time. However, it should be noted that during recent violent demonstrations which occurred on numerous campuses in the Washington area individuals identified with the SDS led and/or participated in this violence. On 5-7-70 [redacted] and [redacted], both of whom have a background of violent activities, were apprehended by Bureau Agents in the immediate vicinity of the headquarters of a local underground newspaper. These individuals are affiliated with this publication which is known as "Voice From The Mother Country" and when arrested were in possession of a quantity of firearms and ammunition.

The current posture of the New Left movement includes off-campus extremely radical communes which advocate terroristic tactics, including sabotage against police and military installations and assassinations, to attain political objectives.

WFO in handling its investigation of New Left student groups has, on the whole, done a satisfactory job. However, in view of the recent violent disturbances which have occurred on campuses in the Washington, D. C. area, WFO should insure it has sufficient sources and informants to provide advance information concerning student groups advocating campus disruptions. WFO should intensify its investigation of the militant Weatherman faction and attempt to develop additional informant coverage of violence-prone student groups. Every effort should be made to identify violence-prone communes and individual members of these communes should be the subject of intensified investigation. WFO should be alert for Weatherman recruiting in their territory and be particularly alert for the presence in this area of Weatherman leaders, the majority of whom are now Bureau fugitives. It is to be noted in this regard that several of the Weatherman fugitives formerly resided in Washington, D. C.

WASHINGTON FIELD OFFICE
RACIAL DISORDERS

Washington, D.C., has been the scene of three incidents of disorder created by young Negroes in recent months. Of February 13, 1970, an estimated crowd of 200 Negroes residing in housing projects in Southeast Washington broke into and looted a neighborhood grocery store. When police arrived at the scene of the disturbance, they were met by a hail of rocks and other objects thrown by the disorderly Negroes. There were no personal injuries but several police cars were damaged. Two adults and three juveniles were arrested. On the night of April 8, 1970, and again on the night of April 9, 1970, several hundred Negro youths protesting the cutting of Office of Economic Opportunity funds for a self-improvement project in Southeast Washington blocked traffic and threw rocks at passing buses and automobiles during the rush hour. Police were forced to use tear gas to disperse the crowds of Negroes. No injuries were reported. Six persons were arrested in the two nights of disorder.

School disorders have also occurred in several high schools and junior high schools in Washington in the past few months. On one occasion on 2-18-70 Negro youths and several adults were arrested when they disrupted a meeting of the District of Columbia School Board.

On May 13, 1970, about 150 individuals identifying themselves as members of the National Welfare Rights Organization staged a demonstration outside of the Health, Education and Welfare (HEW) Department. At the same time twelve others were conducting a sit-in in the office of HEW Secretary [redacted]. The purpose of the demonstration was to enforce demands for increased welfare benefits. Two of those inside the building were arrested for disorderly conduct.

The SAC should insure that Washington Field Office is maintaining close liaison with police agencies and is fully utilizing its informants in order that it is kept promptly advised of all racial developments, particularly those involving violence. He should also make certain that appropriate arrangements are in effect that such information is furnished to the Bureau without delay.

Washington Field must be particularly alert in view of Washington's unique position as the Nation's Capitol of being the site of many demonstrations by groups from all over the country desiring to express various grievances. Bureau officials as well as top officials of other agencies must be kept advised of proposed or actual events in Washington on a timely basis.

The Washington Field Office (WFO), has handled numerous antiwar and student demonstrations, many of them of major proportions. In several instances, violence erupted.

WFO has handled these matters in an outstanding manner. Information concerning them has been furnished to the Bureau in a timely manner enabling us to keep the White House, the Attorney General, and other Government officials promptly advised. Agents of the Washington Field Office handling these matters have worked long hours to insure that their responsibilities are carried out.

The supervision and the handling of major demonstrations involves voluminous paper work, the handling of informants from outside the Washington, D. C., area, the identification of groups and militant individuals participating, and the prompt reporting of these matters to the Bureau. In many instances, WFO was able to obtain advance information of events which were to occur, thereby enabling authorities to take action to either prevent or to lessen their effects.

WASHINGTON FIELD OFFICE
BLACK EXTREMIST ACTIVITY

With the approach of the summer months and the recent slayings of Negroes in Georgia and Mississippi, the racial tension in Washington, D. C., has increased.

Black extremist organizations currently active:

Nation of Islam, Muhammad's Mosque #4, 275 male and female members, leader [redacted]

[redacted] Consulate of Republic of New Africa, 20 members, leader [redacted]

National Committee to Combat Fascism, 10 to 20 members, leader [redacted]

[redacted] This is the organizing bureau of the black extremist Black Panther Party and receives directives from Black Panther Party National Headquarters.

Other organizations regarded as militant:

Center for Black Education, undetermined attendance, headed by former Black Panther Party member [redacted]. This organization is anti-white and advocates Pan-Africanism.

Black United Front, regular attendance 40 to 50, Chairman [redacted]

There are unaffiliated black militants which periodically attempt to create additional tension. These are [redacted] and [redacted]

KLAN AND WHITE EXTREMIST ORGANIZATIONS
WASHINGTON FIELD DIVISION

There are no Klan or white extremist organizations within the Washington Field territory. However, members of the National Socialist White People's Party, formerly known as the American Nazi Party, formerly known as the American Nazi Party, whose headquarters is at Arlington, Virginia, periodically demonstrates in Washington, D. C., WFO covers these activities in coordination with the Alexandria Office.

SOVIET MATTERS

Washington Field has responsibility for the coverage of the Soviet Embassy on 16th Street, N.W., and all subordinate Soviet offices in Washington, D. C., such as the Office of Military, Air and Naval Attaches, on Belmont Road, and the Tass office in the National Press Building. The number of Soviets assigned to Washington, D. C. has steadily increased. As of May 1, 1970, 177 Soviets and 50 working Soviet wives were employed in these establishments. There were 242 non-working Soviet dependents. Of the Soviets assigned in Washington, 90 are known or suspected intelligence personnel. Currently Washington Field has 19 active double agents operating against the Soviets. Every effort should be made to increase this number. Because of the increasing number of Soviet intelligence personnel and because of the commitment of our own personnel in other areas, it is absolutely essential that a defector-in-place be developed in Washington. WFO should continue vigorous coverage of the Soviets looking to development of a source who can furnish inside information concerning Soviet operations.

Mr. John Edgar Hoover
Director

Dear Mr. Hoover:

The other day I was approached by a representative of Thomas Finan, Attorney General of Maryland, and asked if I would be interested in becoming the Police Commissioner for the City of Baltimore. It was stated that if I was interested, Mr. Finan would see that I was appointed. It appears that the current Acting Commissioner, General George Gelston, does not intend to stay after August.

My answer was emphatically, "No!" I advised them my career is the Bureau and I am not interested in any other job. It seems to me that this is another attempt to capitalize on the reputation of the FBI.

I was told that Stanley Shrotel, Chief of Police from Cincinnati, is still under consideration for the Commissioner's job here in Baltimore.

I just wanted you to know of this approach and my reaction.

Sincerely,

SAC Tully completes 25 years of Bureau service on 8-19-66. He has requested that, if possible, the Director present his service award to him. The Director has agreed to do this at 10:00 a.m. on 8-19-66.

On this occasion, Mr. Tully will be accompanied by his family. He will be here in a personal capacity, in annual leave status.

The Director last saw Mr. Tully for official conferences on 2-28-66. In view of the circumstances involved in this current appearance at the Bureau, which would be purely a personal matter, it is not believed that a summary memorandum on the Baltimore Office operations should be prepared.

RECOMMENDATION:

That a summary memorandum on the Baltimore Office not be prepared in connection with the visit of SAC Tully to the Bureau on 8-19-66.

Dear Mr. Hoover:

On August 20, 1966, I will celebrate my twenty-fifth anniversary in the Federal Bureau of Investigation. I would be honored if you could personally present the key to me in the presence of my family. I realize, however, the heavy commitments you have and the many demands on your time. Since Baltimore is only a short distance from Washington, D. C., my family and I are available to come to your office any day in August or September which would fit your schedule.

If such can be arranged, Mr. Hoover, it would make the occasion a very memorable one for us. Accompanying me would be my wife, [redacted]; son - [redacted]; and daughters - [redacted]; and [redacted].

I deeply appreciate any consideration you can give this request.

SAC Tully celebrates his 25th Anniversary of Bureau service August 20, 1966. He requested, if possible, the Director make the presentation. The Director agreed to do so at 10 a.m. on Friday, August 19th, in the presence of his family. His wife, [REDACTED] is a former Bureau employee. The following is a summary of his record for the Director's use.

He entered on duty 8-20-41 as an Under Clerk in the New York Office and was appointed Special Agent on 1-4-43. He is in Grade GS-16, \$20,745, is 46 years old, was born in Brooklyn, and earned his Bachelor of Science Degree at Mount St. Mary's College, Emmittsburg, Maryland. He later attended Fordham law school.

He served in 5 field offices prior to serving as a supervisor in the Domestic Intelligence Division from 2-11-52 until 7-16-56, when he arrived with the designation of ASAC of the Oklahoma City Office. He was removed from that position and transferred on general assignment to Cincinnati 6-29-58, for failure to immediately advise the Bureau after receiving information concerning the planned kidnaping of Mrs. Harry L. Crosby. He became ASAC in Cincinnati on 7-28-60, and remained as such until 7-9-61, when he was transferred to the Training & Inspection Division to serve on trial assignment as Inspector. He was designated an Inspector and promoted to Grade GS-15 on 4-15-62 and 5 months later, on 9-16-62 took up the responsibilities of SAC of the Mobile Office. While at Mobile no administrative action was taken against him. Since 8-18-63 he has been serving as SAC of the Baltimore Office and has been in Grade GS-16 since 8-25-64.

REC-137

67-211900-384

No disciplinary action stronger than Censure has been taken against him since he has been SAC of the Baltimore Office. He has been CENSURED on 4 occasions thus far, 12-13-63, 4-16-64, 4-5-65 and 3-31-66, each for failing to meet the quota in the clerical recruiting program. Personnel of the Office have been COMMENDED, THROUGH HIM, on 18 occasions, the latest 8-16-66 which regarded an Interstate Transportation of Wagering Paraphernalia case. He has been included in letters of Commendation on 5 occasions, the latest 7-18-66 for the splendid record in all 4 categories of accomplishments during the past fiscal year.

Memo J. B. Adams to Mr. Callahan

RE: SAC EDWIN R. TULLY, Baltimore

On 3-31-65 he was rated OUTSTANDING and in recognition of his excellent services during the rating year 4-1-64 to 3-31-65, he received an INCENTIVE AWARD of \$400 on 4-26-65. On 5-27-66, APPRECIATION was expressed for his SUGGESTION regarding the colors of cars ordered for use in our southern offices. Proposed action will be taken to the extent it is deemed practical in our operations.

Since becoming SAC of the Baltimore Office the Director has met with him on 3 occasions, each during his attendance at 2-day conferences. He most recently spoke with him on 2-28-66 and commented Tully made a good personal appearance. He doubted, however, that he had the aggressiveness and energy to be in any office larger than Baltimore. The Director discussed with him some of the operations and procedures of his office. The same date Tully spoke with Mr. Tolson who stated he made a good appearance but until he materially improved the matters he discussed - time in office, recruiting, Bank Robbery solutions, he should not be considered for a larger office. He was rated SATISFACTORY on his 1966 annual performance report.

By letter 6-29-66, Tully advised he had been approached by a representative of Thomas Finan, Attorney General of Maryland and asked if he was interested in becoming Police Commissioner for the City of Baltimore. Tully turned down this appointment and by letter 7-5-66, the Director thanked Tully for doing so expressing pleasure he will continue his career with the Bureau.

Baltimore Office last inspected in May, 1966. The ratings were:

PHYSICAL CONDITION AND MAINTENANCE ...	VERY GOOD
INVESTIGATIVE OPERATIONS	VERY GOOD
ADMINISTRATIVE OPERATIONS	VERY GOOD
PERSONNEL MATTERS	VERY GOOD / CONTACTS..... EXCELLENT
APPLICANT RECRUITING MATTERS	FAIR

The last administrative action against SAC Tully was on 3-31-66, when he was Censured for failing to meet the quota in the clerical recruiting program for the period January through March, 1966. (recruited 16 against a quota of 32.) He lists Miami, Denver and Phoenix as offices of preference. Using the date of the latest administrative action set forth here as his date of eligibility for office of preference consideration, he would stand #169 for Miami, #210 for Denver, and #140 for Phoenix.

His wife, [redacted] was employed in the New York Office from 12-10-40 to 2-1-44 and from 4-19-44 to 6-9-45. She is a former [redacted] and her services were satisfactory.

His Sister-in-law, [redacted] was also employed in the New York Office. She served in a [redacted] capacity from 11-22-48 to 5-31-57 and her services were satisfactory.

Dear Mr. Tully:

I have noted with concern that your division had an increase of nine accidents involving Bureau vehicles during the past fiscal year as compared with fiscal year 1965. You should forcefully bring this to the attention of all employees operating Bureau automotive equipment and insure they understand the absolute necessity for careful driving at all times.

You also should place increased emphasis on the need for safe driving practices and it is your responsibility to insure that a decrease in the number of accidents is effected in your division during the current fiscal year.

Dear Mr. Tully:

The daily overtime average for the Baltimore Office showed an increase for September over the previous month and this is undesirable. The office average was 2 hours and 48 minutes. This is considered high and needs to be reduced. You have been impressed with the fact overtime must be kept to a minimum and more of an awareness on the part of your agent personnel in this regard must be shown in the future.

Sincerely yours,

Dear Mr. Tully:

The daily overtime average for your office for October was 2 hours and 45 minutes, which is a decrease from the previous month; however, it is still considered high. It is important overtime be kept as low as possible, consistent with the discharge of official responsibilities, and you should insure this will be achieved.

Dear Mr. Hoover:

There have been numerous allegations of irregularities in the Maryland Prison System for the past several months.

Today, Chief Bob Lally, Baltimore County Police Bureau, who will soon take over as Superintendent of the Maryland State Police, advised me that there seems to be substance to allegations of narcotics trading, homosexuality, and other sordid situations in the Maryland Prison System. As a result, the Governor of Maryland, Spiro T. Agnew, told Mr. Lally he intends to replace Vernon L. Pepersack as Commissioner of Correction for the State of Maryland. In discussing a replacement with Mr. Lally, Governor Agnew asked if you, Mr. Hoover, would make any recommendations as to a capable, qualified man. Mr. Lally then asked me if I would communicate the Governor's request to you. The Commissioner of Correction job pays \$25,000 a year. It would be necessary for the candidate to have penal experience. I made no comment concerning the request, but did state that I would immediately furnish the information to you. As of this time, the replacement of Mr. Pepersack is known to only a few people; however, it could easily be in the press tomorrow or within the next few days.

MEMORANDUM FOR MR. TOLSON

On April 3, 1967, I saw Special Agent in Charge Edwin R. Tully of the Baltimore Field Division, who was here to attend the Burglary-Theft School. Mr. Tully makes an excellent personal appearance and seems to be intensely interested in his work, and I would rate him above average.

I called his attention to the fact that he had one classification of cases 7.1% delinquent and that he should endeavor to reduce this delinquency.

I commented upon the fact that I noted in February the Agents in his office closed 21.4 cases per Agent. The reason there is such a high ratio of cases closed is due to the fact that the Army Central Records Facility is located at Fort Holabird, Maryland, and the Baltimore Office is in constant contact with that facility.

I commented favorably upon the fact that for the first eight months of the current fiscal year when compared with a similar period of the previous fiscal year, he had increased his accomplishments in the four major statistical classifications.

I told Mr. Tully I noted the Agents in the Baltimore Office were spending 14% of their time in the office and I noted the Criminal Agents spent 15.5% of their time in the office; the Security Agents 33.2%; and the Resident Agents 11.3%. I told Mr. Tully I thought all of these were high, and he should make an effort to reduce them.

I stressed the value of informant coverage in all fields of our work, and the necessity for the intensification of the development of top level informants.

I told him I noted in the inspection of last May his office received a rating of Fair in Applicant Recruitment Matters, but that I had noted since that inspection he has recruited 15 Agents and 86 clerical employees against quota of 50, which is an excellent record.

Memorandum for Mr. Tolson

April 14, 1967

I commented upon the fact that the Baltimore Office had averaged two hours and forty-one minutes a day overtime for the month of February, and while this was excessive, I did not know how it could be reduced in view of the volume of work and the shortage of personnel.

Handwritten: Being followed 4/14
I called Mr. Tully's attention to the case of Special Agent Thomas O. Martin and the case of Special Agent Thomas G. Ryan, both of whom are on limited duty and both of whom have been considerably below the average overtime of the Baltimore Office. I told Mr. Tully he should have a talk with both of these Agents upon his return and unless they can equitably share the overtime of the office, it will be necessary to remove them from all overtime; terminate their premium pay benefits; and transfer them to nonpreference offices.

I told Mr. Tully I noted that he had 44 bank robberies, 8 bank burglaries, and 1 bank larceny unsolved in his field division, and this is highly excessive and he should give this special attention.

I discussed with him the Criminal Intelligence Program of the Baltimore Office and the fact that the activities of La Cosa Nostra in that office are controlled by the Gambino "family" of New York. I observed that there had been three convictions in the current fiscal year and seven other individuals as subjects of pending prosecution, and he should make every effort to have these cases brought to an early determination by the courts.

I told him he should place particular emphasis on developing membership informants in La Cosa Nostra as there had been no appreciable progress in this regard by the Baltimore Office.

I told Mr. Tully to speak to Assistant Director Gale concerning the congestion in the Federal Court in Maryland and Delaware, there being now a shortage of one Assistant United States Attorney at Wilmington and one Assistant United States Attorney at Baltimore.

I commented upon the activities of the Ku Klux Klan and the necessity of being alert to any increased activities of that organization in his field area, particularly in Delaware.

Memorandum for Mr. Tolson

April 14, 1967

I called Mr. Tully's attention to the importance of keeping abreast of the activities of the Communist Party in his division in view of the intensified recruiting program among the youth in colleges and universities.

Very truly yours,

J. E. H.

Dear Mr. Tully:

Bureau records disclose that you failed to meet your clerical quota for the Seat of Government during the period March through April, 1967. In order for the Bureau to carry out its responsibilities, it is essential that an even flow of applicants be recruited. This failure to adequately fulfill your obligations in this regard reflects unfavorably upon you and the administration of your office.

Accordingly, you will be expected to bring about a prompt and substantial improvement in this program so that similar criticism will not again be warranted.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington, D. C.

Dear Mr. Hoover:

I have just been advised that O. W. Wilson will retire from the Chicago Police Department on August 1, 1967. Three nominations are to be submitted to Mayor Daly of Chicago, and one was to be Donald D. Pomerleau, Commissioner of Police, Baltimore, Maryland. Mr. Pomerleau, who advised me of the above, has written to Chicago declining further consideration. He feels that one of those being considered is Patrick V. Murphy, Assistant Director, Office of Law Enforcement Assistance, U. S. Department of Justice.

Commissioner Pomerleau asked that I relate the above information to you so that you would be aware of this situation and his actions.

RECOMMENDATIONS:

1. SAC Edwin R. Tully, GS-17 @ \$22,760, nonveteran, not on probation,

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

at Baltimore since 8/18/63, second office as SAC. Makes outstanding personal appearance. Demonstrates strong leadership qualities, is firm capable administrator. He has thorough knowledge of Bureau's operations and handles responsibilities well. Continue as SAC. If approved, attached letter summarizing inspection findings be forwarded.

2. ASAC Charles D. Chapman, GS-14 @ \$17,198, veteran, not on probation, second office as ASAC. Presents excellent personal appearance, has firm friendly personality. He is dedicated employee who handles responsibilities enthusiastically. One substantive error detected in case under his supervision involving delayed handling of investigation in a Theft from Interstate Shipment case. ASAC Chapman not considered culpable as case assigned to experienced Agent who should have handled leads promptly. ASAC Chapman first reviewed case on 2/20/67 and issued instructions to Agent handling case and thereafter set tickler to follow case again. He is most interested in further advancement and is completely available. He is considered capable of assuming additional responsibilities.

3. Recommendations re other personnel handled separately.

PERSONAL ATTENTION

Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland

Dear Mr. Tully:

I have reviewed the results of the recent inspection of the Baltimore Office and have approved the following ratings for the various operations: Applicant Recruitment Matters and Contacts - Excellent; Physical Condition and Maintenance, Investigative Operations, Administrative Operations, and Personnel Matters - Very Good.

Your office space was found to be well organized, neatly maintained and secure. It is noted that your automotive fleet is being properly maintained and that no safety defects were detected in the cars inspected. I was pleased to see that operating costs of your fleet of cars are below the field average. Continue to encourage defensive-driving habits so that accidents can be reduced to the minimum.

Your statistical accomplishments for the first nine months of fiscal year 1967 are up in all four categories and this is certainly noteworthy. Delinquency has been well below the field average during each of the last four months and production per Agent continues well above the field average.

I am concerned with the decrease in the solution rate of bank robbery cases. The forty-three pending unsolved cases must receive your personal attention. I expect definite improvement in this important phase of the Bureau's operations. Immediately implement the instructions and suggestions of the Inspector concerning these cases.

The Criminal Informant Program was rated very good. You must insure the necessary steps are taken by you to increase informant coverage in headquarters city. You must closely follow those informants rated only fair and eliminate those who are not productive in the near future.

87

Mr. Edwin R. Tully

You have identified several members of La Cosa Nostra within your territory, which is good, but there must be more emphasis on the development of La Cosa Nostra member informants. The six gambling convictions obtained this fiscal year are indicative of what can be done.

Your Security Informant Program was rated very good and I am pleased with the coverage being provided by your office of the Communist Party and its various front groups. I have noted the racial situation is relatively quiet within your territory. With the continued growth of the Klan in Maryland, additional informant coverage is a critical need.

The four substantive errors detected during the inspection highlight the need for closer attention to detail on the part of both investigative and supervisory personnel. While your missed civil rights and applicant deadlines were below average, your missed fugitive deadlines were above average. Special Agents must clearly understand they are responsible for prompt and penetrative handling of all investigative matters.

Your Chief Clerk's Office was found to be well organized and functioning smoothly. I was pleased to learn that misfiled index cards and form errors were below average. I was also pleased to observe that stenographic and typing production was above average. I am concerned that retyped pages are above average. This undesirable trend must be corrected at once by stressing accuracy to all employees in your office.

The Inspector concluded, and you agreed, that your Agent and clerical complement is presently adequate to fulfill the Bureau's responsibilities.

The success of your Agent applicant recruitment program is gratifying. I feel that your approach to applicant recruiting will aid the Bureau greatly in securing the qualified personnel necessary to successfully meet our needs.

I was pleased to note that you are alert to the importance of public relations in the efficient operation of a field office and that your radio, television and public appearances are providing extensive coverage of quality groups. You should make certain that the recently assigned Assistant Special Agent in Charge has an opportunity to meet your contacts as soon as possible.

Mr. Edwin R. Tully

You and the Assistant Special Agent in Charge must carefully review the Inspector's findings and advise the Bureau of the corrective action taken within thirty days of receipt of this letter.

Sincerely yours,

John Edgar Hoover
Director

Dear Mr. Hoover:

As you know, Edward J. McCabe, retired SAC, is the Program Executive for Public Safety in Maryland, and Chairman of the Governor's Crime Commission. In talking with him today, he asked if it would be possible to visit with you briefly, pay his respects, and have the benefit of your advice and guidance in connection with his new duties. He said he realizes how busy you are, but he would appreciate a short visit any time your schedule would permit. He will be out of town on August 10, and again from August 20 to 25. Other than that, he said if there is any possibility of a visit any other time in August, or any time in September, he would be most grateful.

I advised him that I would pass on his request to you.

Dear Mr. Tully:

Bureau records disclose that your office failed to meet its total clerical quota for the Seat of Government during the period August through September, 1967. You have been repeatedly advised of the necessity to provide an even flow of applicants, qualified for appointment, in order for the Bureau to carry out its responsibilities. I consider your failure in this regard to be a serious reflection upon you and the administration of your office.

I have received your suggestion that consideration be given to issuing an official certificate of commendation for presentation in specific instances to firms or representatives of the radio, television, or news media. This matter has been carefully evaluated and it has been decided the present procedure of expressing appreciation in the form of personal letters to deserving individuals is more appropriate from the over-all standpoint of our operations.

Although your idea was not adopted, the interest and thoughtfulness you displayed in submitting it is indeed appreciated.

SUGGESTION

That the Bureau consider issuing an official certificate of commendation to be given on special and selective occasions to radio, TV or news media wherein the Bureau has received outstanding cooperation in worthwhile educational or news broadcasts rendering outstanding public service. I have in mind presenting such a certificate to radio station like WTUX in Wilmington, Delaware, where we have had a 3-year continuous weekly radio show on FBI matters. Such certificate would, of course, only be issued by the Bureau after complete justification submitted by the field office. It could contain a replica of the FBI Seal and some words to the effect that the radio station or TV station involved is officially commended for outstanding public service.

Current practice or rule (include manual citation as well as facts)

None.

Advantages of suggestion and annual savings (include basis for estimate)

It would express appreciation in a tangible form to those stations who have cooperated with the FBI in extensive broadcasts concerning FBI work, and perhaps encourage others, if any incentive was necessary.

Disadvantages of suggestion

None known.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

Dear Mr. Hoover:

On behalf of the Agents in the Baltimore Office, may I express deep appreciation to you for your decision to grant the 25% overtime pay. It means a great deal to the Agents and their families, and I have explained to them that the best way to show appreciation is to redouble our efforts in accomplishments, efficiency, and dedication.

At a time when the rest of the world seems to be confused about basic values and ideals, the Bureau must continue to stand strong and tall for principle and devotion to duty.

Sometimes, in the rush of events, we do not take time to express our appreciation to you for the many benefits you have obtained for Bureau personnel over the years -- I did not want this occasion to pass without voicing our thanks and gratitude.

Dear Mr. Hoover:

Our local Bendix Management Club had the real honor and privilege of having Mr. Edwin R. Tully, Special Agent in Charge of Baltimore Office, speak at our monthly meeting here in Baltimore last night, February 5. I've spoken to many of our management people present last night and without exception everyone agreed that Mr. Tully gave one of the finest talks we've been privileged to hear at any of our management meetings. We have, I believe, a well-deserved enviable record of having had outstanding speakers, such as Dr. Walter H. Judd, this past year, therefore, such comments from our membership regarding Mr. Tully's talk last night were noteworthy. He was not only most interesting and entertaining, but had a most worthwhile message for everyone present whether young or old, parent, or only as a Bendix employee.

Mr. Tully is a credit to the FBI. REC 5

Very sincerely, FEB 13 1968

STANDARD FORM No. 176-T
JANUARY 1968
(For use only until April 14, 1968)
176-101

INSTRUCTIONS TO EMPLOYING AGENCY

1. **Who must file.**—All employees not excluded by law or regulation from insurance coverage, including those who have previously waived coverage, are required to complete and file Standard Form 176-T. Employees who are in the service on February 14, 1968, as well as those who are appointed after that date but before April 14, 1968, must file the form.
2. **Automatic cancellation of previously filed waivers.**—All "Waivers of Life Insurance Coverage" (SF 53) on file are automatically canceled as of the first day of the first pay period beginning on or after February 14, 1968. Payroll offices are to begin regular insurance deductions on the automatic cancellation date for employees who do not file a new waiver, i.e., those who do not check box C of SF 176-T, on or before that date.
3. **Employees failing to file.**—If an employee does not return a completed SF 176-T, contact him and urge him to do so even if he does not want optional insurance (he will, of course, be automatically covered for regular insurance). If he still fails to file SF 176-T by April 14, 1968, or 31 days after appointment, whichever is later, file one for him as of that date: mark box B, and note in the space provided for his signature "employee contacted—failed to elect optional insurance." See note 2 below.
4. **Review of completed forms.**—(a) Review both copies of the SF 176-T for legibility, completeness, and consistency. Reconcile with the employee any obvious major

discrepancy such as a mark in more than one box.
(b) If the employee marked box A or box C, make sure the Statistical Stub is complete. Then detach and mail stubs, in a bundle, weekly to:

Office of Federal Employees' Group Life Insurance
(Statistical Study)
4 East 24th Street
New York, New York 10010

(c) If the employee marked box B, detach and destroy the stub.

5. **Date of receipt and effective date.**—(a) Stamp date of receipt by employing office in the space provided for this purpose on both the Original and the Duplicate.
(b) The effective date is determined from the table below.
6. **Disposition of forms.**—(a) File the Original SF 176-T in the official personnel folder in all cases.
(b) Any necessary payroll change, with effective date, may be posted in the space reserved on the Duplicate for employing office.
(c) The Duplicate may be destroyed, if no payroll action is required, or after the requirements of the agency's payroll system have been met.
7. **Use of SF 176-T.**—SF 176-T "Election, Declination, or Waiver of Life Insurance Coverage" should not be used after the initial filing period (after April 14, 1968). A revised edition will be available for use after that date.

TABLE OF EFFECTIVE DATES

DATE SF 176-T RECEIVED BY EMPLOYING OFFICE	EMPLOYEE'S DECISION	EFFECTIVE DATE (IF NO WAIVER, SF 53, IN EFFECT)	
		OF DECISION	OF DEDUCTIONS
On or before February 14, 1968.	Elects optional (in addition to regular) (box A).	Coverage effective February 14, 1968.	Deductions begin 1st day of 1st pay period beginning on or after February 14, 1968.
	Declines optional (but not regular) (box B).	Declination effective February 14, 1968.	
	Waives regular (so ineligible for optional) (box C).	Waiver effective last day of pay period in which February 14, 1968 falls.	Deductions stop last day of pay period in which February 14, 1968 falls.
After February 14 but not later than April 14, 1968.	Elects optional (in addition to regular) (box A).	Coverage effective on date of receipt.	Deductions begin 1st day of 1st pay period beginning on or after date of receipt.
	Declines optional (but not regular) (box B).	Declination effective on date of receipt, but employee loses automatic optional protection on February 14, 1968.	
	Cancels previously elected optional (but not regular) (box B).	Cancellation effective last day of pay period in which received.	Deductions for optional stop last day of pay period in which received.
	Waives regular (so ineligible for optional) (box C).	Waiver effective last day of pay period in which received.	Deductions stop last day of pay period in which received.

- NOTES: 1. Because regular insurance coverage and deductions are automatic unless waived (by checking box C), A and B elections do not affect regular insurance effective dates.
2. An employee for whom the agency files SF 176-T because he failed to file is deemed to have declined optional, but not regular, insurance.
3. An employee with an uncanceled waiver (SF 53) on file cannot be insured any earlier than the first day he is in duty and pay status in a pay period beginning on or after February 14, 1968; filing of an SF 176-T before that date will not cancel an SF 53 any earlier. Deductions begin the day he becomes insured.
4. The effective date of regular (and optional) insurance coverage for an employee who has been on leave without pay for more than 1 year is the first day he is in pay and duty status. Deductions are effective the same day.

PERSONAL ATTENTION

Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland

Dear Mr. Tully:

After reviewing the results of the recent inspection of the Baltimore Office, I have approved the following ratings for your operations: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, Personnel Matters, and Applicant Recruitment Matters - Very Good; Contacts - Excellent.

Your office space, including that in eleven Resident Agencies, was found to be neat, secure, and well maintained. I was pleased to note that you have been attentive to repair and operating costs of your automotive fleet; however, I am concerned that the number of accidents has risen sharply. Forcefully remind those who operate the vehicles assigned to your office that they must be safety conscious at all times.

The tenseness of the racial situation in Baltimore, Wilmington, and elsewhere in your territory underscores my deep concern in this most important field. It is not enough that your coverage has been expanded. The President and indeed the whole Executive Branch of the Government look to us for vitally needed intelligence in these matters. Apply greater ingenuity and an aggressive approach to further penetrate the militant black nationalist groups operating in your territory. Continue to give your personal leadership to this effort and elicit the full participation of every employee of the Baltimore Office.

Insure that you maintain your present favorable showing in statistical accomplishments. The minimal delinquency consistently maintained by your office and the promptness in meeting deadlines are noteworthy.

A decidedly different picture is presented in your bank robbery solution rate. There must be more favorable results in these cases without

neglecting other vital programs. Immediately implement the Inspector's instructions and recommendations as part of an intensified program to solve these cases.

Your Criminal Intelligence, Interstate Gambling Activities, Criminal Informant and Security Informant Programs were all rated very good. While the upward trend in antigambling convictions and the numerical strength in most informant categories are gratifying, this certainly does not mean that any complacency will be tolerated or that further improvements are not needed. For example, you must aim at higher quality and a greater reservoir of targets in your informant coverage. Give priority to developing high-level informants in such groups as La Cosa Nostra and Students for a Democratic Society.

The five substantive errors detected and the trend toward laxity in indexing and submission of photographs on the part of Special Agents pinpoint the need for tighter supervisory and administrative controls.

The Chief Clerk's Office was found to be well organized, handling current work efficiently and making measurable progress in reducing project work. Although your low incidence of form errors is praiseworthy, the higher-than-average incidence of misfiled index cards is a disappointment. Accelerate your program to correct this situation. I was pleased with the high productivity of stenographers and typists but the recurring stenographic delinquency calls for corrective action.

Your Agent recruitment program is productive and I want no lessening of effort to supply qualified clerical personnel to the Seat of Government. You must achieve a more even flow of qualified applicants during the so-called "off-season" months.

I was gratified to observe that you are cognizant of the importance of good public relations and appearances before quality groups. Provide early opportunities for your Assistant Special Agent in Charge to meet the seven SAC contacts with whom he is not yet acquainted.

You and your Assistant Special Agent in Charge must carefully study the entire inspection findings. Advise the Bureau within thirty days of the corrective action taken to comply with the Inspector's instructions.

Sincerely yours,

John Edgar Hoover
Director

INSPECTION - BALTIMORE OFFICE
INSPECTOR RALPH J. MILES
5/31 - 6/14/68

SUMMARY

Officials: Edwin R. Tully, SAC since 8/18/63; Charles D. Chapman, ASAC since 1/26/67. Last inspection: 4/17 - 28/67.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Office conveniently situated in downtown U. S. Post Office Building -- as well organized and maintained as old building will permit -- neat, orderly and secure. 11 Resident Agencies occupy suitable and secure space. 40 of 78 cars inspected - no safety defects; storage secure; fleet adequate. Automotive operating costs approximate field average and repair costs below. Number of accidents up (8 to 15); employees held responsible in 4 and 1 not yet adjudicated -- defensive driving stressed.

Investigative Operations - Very Good (Last Inspection - Very Good). 4 racial disorders in Maryland and Delaware since last inspection, worst of which were in Baltimore and Wilmington April, 1968, where situation continues very tense. Racial informant coverage much improved (3 informants, 10 potential informants, 127 liaison and ghetto sources added since last inspection) but additional black nationalist coverage needed.

5/31/68 case load 3714 (3525 active); excluding record checks, active case load up 22% from last inspection and case load and closings per Agent consistently exceed average. Delinquency below average 12 of 13 months since last inspection. Accomplishments first 11 months fiscal year 1968 up in all categories. Baltimore leads entire field in cars recovered. 5 substantive errors detected - approximates field average (handled separately). Solution rates of 38% of bank robberies and 40% of burglaries and larcenies occurring since last inspection represents decline and overall solution rate down from 59% to 38%. 10 old violations solved; 61 violations remain unsolved. Specific instructions in overall program and recommendations in individual cases made to increase solutions. Criminal Intelligence, Interstate Gambling Activities, Criminal Informant and Security Informant Programs all rated very good. Top-echelon informant coverage up; 5 gambling convictions this fiscal year (FY) to date; 1 subject awaiting sentencing; 10 pending prosecutions. 2 criminal informants and 22 potential criminal informants added -- better quality needed. 8 of the 32 Communist Party members in territory are informants. Additional penetration of Students for a Democratic Society and greater reservoir of potential security informants ordered. Missed applicant, fugitive and civil rights deadlines all below average.

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

Administrative Operations - Very Good (Last Inspection - Very Good). Baltimore 6-desk office - justified and work equitably aligned. Chief Clerk's Office well organized and efficient except for above-average misfiled index cards. Pending work current, project work sharply reduced, form errors below average. Stenographic productivity well above average and retypes well controlled; delinquency reported 8 of 13 months since last inspection but zero as of 5/31/68. Laxity in indexing and submission of photographs on part of Agents ordered corrected. Low incidence of errors in registers, daily reports and #3 (Locator) Cards -- none affecting fringe benefits. Confidential expenditures and imprest fund closely controlled. Overtime equitably shared, necessary, productive.

Personnel Matters - Very Good (Last Inspection - Very Good). 5/31/68 complement 185 (100 Agents, 85 clerks). When 3 clerical vacancies are filled, clerk-Agent ratio will be 88%, well above average (approximately 15% of work load consists of record checks handled primarily by clerks). Complement adequate and not excessive -- SAC agrees. One Agent on limited duty - productive, retention justified. None unavailable, overweight or on probation. Work-related injuries up from 5 to 12 -- accident prevention emphasized. Morale appears high.

Applicant Recruitment Matters - Very Good (Last Inspection - Excellent). 17 Agents recruited and accepted in 13 months since last inspection -- excellent record. During same period, 123 clerical employees recruited (quota 120), although quota not met in 8 off-season months. Instructed all-out effort to provide continuous flow of clerks to Seat of Government be made.

Contacts - Excellent (Last Inspection - Excellent). 16 SAC contacts (same as last inspection) provide wide range of valuable services. 6 developed by present SAC; ASAC has met 9. Speech, liaison and police training programs effective. Relations with press, public, local and Federal officials (including 2 U. S. Attorneys) cordial. All persons contacted regard FBI highly.

RECOMMENDATIONS:

1. SAC Edwin R. Tully, GS-17 @ \$24,581, aged 48, nonveteran, not on probation, at Baltimore since 8/18/63, second office as SAC, makes outstanding personal appearance and possesses excellent personality. He is a resourceful, responsible and highly competent executive who extracts the best from subordinates while maintaining high morale. Well qualified to continue as SAC. Attached for approval is letter summarizing inspection findings.

Memo for Mr. Tolson
Re: Inspection - Baltimore Office

2. ASAC Charles D. Chapman, GS-15 @ \$20,243, aged 49, veteran, not on probation, at Baltimore since 1/26/67, second office as ASAC, makes excellent personal appearance and is loyal and dependable. One substantive error detected in a Theft from Interstate Shipment case under his supervision in which case Agent delayed contacting complainant from 5/2/67 to 6/1/67 (write-up attached). He expressed regret at not detecting this delay. Although culpable in this instance, he is doing an excellent job otherwise and is fully qualified to continue as ASAC. Attached for approval is letter censuring him for cited delinquency.

3. Recommendations concerning other personnel handled separately.

Watch

As you are aware, on the evening of 9/17/68 I spoke at the Baltimore Press Club. SAC Tully of the Baltimore Office was present as a guest of Bill Lally of the "Baltimore News-American," the President of the club. Also present were representatives of all news media in the Baltimore area, including newspapers, radio and television.

It was obvious to me that SAC Tully enjoys a very close, friendly relationship with the news media in the Baltimore area. He was known to all of those present, it was obvious that they are favorably disposed to him and that he enjoys their complete respect and confidence. I thought this should be made a matter of record.

Dear Mr. Tully:

During the past fiscal year your division had an increase of accidents involving Bureau vehicles as compared with fiscal year 1967, and this is a matter of considerable concern to me. This is an undesirable trend which you should forcefully bring to the attention of all employees operating Bureau automotive equipment and it is incumbent upon you to insure that these employees understand the necessity of careful driving at all times.

Increased emphasis should be placed on the need for safe driving practices. It is your responsibility to insure that a decrease in the number of accidents is effected in your division during the current fiscal year.

Very truly yours,

Dear Mr. Tully:

Bureau records disclose that you failed to meet your combined clerical quota for Seat of Government during the period September through October, 1968. You have been repeatedly advised of the critical need for qualified clerical employees, and it is apparent to me that you are not giving this program the necessary leadership required to achieve the desired results.

You should make absolutely certain that there will be no basis to again criticize you for a similar shortcoming.

Dear Mr. Hoover:

I was very distressed to learn that you and Mr. Tolson were displeased and disappointed with the flowers sent to [redacted] on May 17. We have been doing business with this florist for many years, and they have always sent the flowers to [redacted] in the past. In addition, [redacted] purchases her flowers from this same florist.

I immediately went to see [redacted] at Jerry Geary Florists on Monday morning to register a strong protest. [redacted] was stunned at my displeasure, and immediately checked to see if any mistake had been made in sending the flowers to [redacted]. She did not find any. She said she personally recalled the bouquet and thought it was just what [redacted] would admire. She said the bouquet was made up primarily of Birds of Paradise - an exotic flower from Hawaii - which is a favorite of [redacted]. Some Amorphium were also included.

I pointed out that the flowers appeared wilted and did not have a fresh look, and asked her when they arrived from Hawaii. She advised me that the Jerry Geary Florists have been sending flowers to [redacted] for many years, and would certainly not send her any flowers that were not 100% fresh. Also, she said she knew the flowers

were from Mr. Hoover and Mr. Tolson, for whom she has great personal admiration, and would certainly not permit anything other than the freshest flowers to go out under Mr. Hoover's name. She said the arrangement was "elegant", did not make a big "splash", and might not be the type of bouquet a man would appreciate as much as a woman.

I said that was beside the point, anyone could appreciate the look of fresh flowers compared to wilted flowers, and we were still distressed with the entire transaction. She pointed out that [] is very particular and would undoubtedly call her if she felt the flowers were not satisfactory, but thus far she has had no call from []. She asked me to extend apologies to Mr. Hoover and Mr. Tolson, as it is Geary's desire to please not only the recipient but the sender. I think she clearly understands that the flowers were not satisfactory and explanations do not change facts.

I wish to advise you, Mr. Hoover, of my own embarrassment in connection with this situation, and my apologies for these disappointing developments. I think hereafter, if I may be bold enough to suggest, we will not leave it to the discretion of the florist in the future, but insist upon a specific flower, such as roses or chrysanthemums, and then have them personally checked to be certain they are everything desired.

I am very sorry to have been a party to embarrassing you and Mr. Tolson under these circumstances, and can assure you that it will not recur.

Sincerely,

[REDACTED]

BRIBERY - CONSPIRACY

Tully, E. R.

While talking with SAC Tully, Baltimore Division, on Saturday, 8/16/69, I made reference to the captioned case and told him that I wanted to make certain that this case was handled thoroughly and with proper dispatch. I asked him what the manpower situation was with respect to the case, and he indicated that the investigation was proceeding satisfactorily.

We discussed briefly the background of [REDACTED] who was [REDACTED]. I told SAC Tully that [REDACTED] is a law partner to [REDACTED] and that both [REDACTED] and [REDACTED] had no love for the FBI. [REDACTED] is the attorney for [REDACTED] who is furnishing information in this case with the stipulation of immunity. I told Tully that our Agents should be careful in any dealings with [REDACTED]

SAC Tully mentioned that [REDACTED] one of the subjects in this case, had indicated on one occasion to Agents interviewing him that he had made my acquaintance in the past. I told SAC Tully that I had met [REDACTED] during President Lyndon B. Johnson's administration at the White House but that he was no friend of mine and that, to the contrary, he was a "police buff" type of individual who was somewhat of a pest. I stated that my office had standing instructions not to accept any calls from [REDACTED]

Several black extremist and Klan groups and 1 hate group in territory. Black Panther Party active. Racial Informant coverage encouraging and very good but Inspector instructed better lines of communication be established with Ghetto Informants. Aggressive action being taken against black extremist, Klan, and white hate groups.

7/31/69 case load 3,928 (3,761 active); excluding record checks, active case load up 6.7% from last inspection and case load and case closings per Agent consistently above field average. Delinquency above field 7 of last 12 months. Accomplishments for Fiscal Year 1969 up in all 4 categories -- for fourth consecutive year. Baltimore leads field in cars recovered. 7 substantive errors detected -- above field average (handled separately). Since last inspection solved 79 of 123 bank robbery offenses (64%) which is significant improvement over period covered by previous inspection when 25 of 63 (38%) solved. 56 violations remain unsolved and explicit instructions given to further improve performance. Criminal Intelligence and Interstate Gambling Activities Programs rated very good; 5 gambling convictions in Fiscal 1969 and 10 subjects awaiting prosecutive action. Top-Echelon Informant Program expanded from informants since last inspection. Instructions issued to open additional Extortionate Credit Transaction cases and to concentrate on interstate gambling violations. Overall

Memorandum to Mr. Tolson
Re: Inspection - Baltimore Office

Criminal Informant Program rated fair due to considerable decrease in number of potential criminal informants without any improvement in quality or accomplishments -- specific weaknesses highlighted and suggestions made for immediate improvement. **Security Informant Program** rated very good with increase of 4 informants and 1 potential informant since last inspection. Instructed to obtain additional coverage of 5 chapters of Students for a Democratic Society. Informant coverage of Communist Party considered adequate. Missed applicant deadlines below field and missed civil rights and fugitive deadlines slightly above field averages.

Administrative Operations - Fair (Last Inspection - Very Good). Baltimore is a 6-desk office -- justified and work load appears equitably distributed. Chief Clerk's Office well run with substantial increase in project-type work -- high compared to similar size offices -- instructed to reduce. Number of form errors above field average. Stenographic production high but employees spending more time on clerical duties than in comparable offices -- instructed to reduce clerical time. 3 administrative trends corrected involved failure to appropriately stamp file covers for dissemination purposes, failure to submit photographs of subjects to Identification Division, and failure to complete administrative blocks in reports -- latter 2 brought to attention of office last inspection and specific instructions issued. Voluntary overtime equitably shared, necessary, and productive. Lack of adequate supervision detected on fugitive squad where 1 Agent detected in gross delinquencies involving inconsistencies in registers, inaccurate dates in communications reporting investigation, missed fugitive deadlines, conducting investigation by telephone, and not informing office of personal problems. (Agent resigned on request effective 8/13/69. Supervisor censured, placed on probation and removed as Supervisor for not detecting delinquencies.) SAC to emphasize continual checks of Agents' paper work to detect any similar delinquencies in the future.

Personnel Matters - Very Good (Last Inspection - Very Good). 7/25/69 complement 184 (99 Agents, 85 clerks). High volume of record checks handled by clerical personnel accounts for large number of clerks. Complement adequate and not excessive -- SAC agrees. One Agent on limited duty -- productive, retention justified. None unavailable, on probation or overweight. Work related injuries down from 12 to 8 -- safety stressed. Strong on-the-scene supervision afforded significant matters by SAC and supervisory staff. Morale appears high.

Applicant Recruitment Matters - Very Good (Last Inspection - Very Good). Office has quota of 1 Agent and 11 clerks per month. Agent quota met or surpassed each month. Since last inspection office recruited 23 Agents and 117 clerks. Failed to meet clerical quota 8 of last 9 quota months and office censured November, 1968, for lack of attention to clerical recruitment program. Positive instructions issued to revitalize program.

Contacts - Excellent (Last Inspection - Excellent). 15 SAC contacts -- one less than at time of last inspection -- provide wide range of services. 6 contacts developed by present SAC; however, none since last inspection. ASAC has met 8. Bureau activities

Memorandum to Mr. Tolson
Re: Inspection - Baltimore Office

receiving favorable coverage and overall relations with news media appear favorable; increases in speeches, radio and television appearances. Liaison, police training and National Academy programs effective; noteworthy increase in police schools. All persons contacted hold Director, FBI and Baltimore personnel in high esteem.

RECOMMENDATIONS

1. SAC Edwin R. Tully, GS-17 at \$30,908, aged 49, nonveteran, not on probation, at Baltimore since 8/18/63, second office as SAC, makes outstanding personal appearance and possesses excellent personality. Continue as SAC. Attached for approval is letter summarizing inspection findings.

2. ASAC Charles D. Chapman, GS-15 at \$23,749, aged 50, veteran, not on probation, at Baltimore since 1/26/67, second office as ASAC, makes excellent personal appearance. One substantive error detected in a Theft from Interstate Shipment case under his supervision in which he failed to detect delayed investigation and case Agent's failure to record negative investigation (write-up attached). He expressed regret in not detecting delinquencies in case. He is culpable in this instance; however, he is doing an excellent job and is fully qualified to continue as ASAC. Attached for approval is letter censuring him for cited delinquency and letter to SAC will inform ASAC of inspection findings.

3. Recommendations concerning other personnel handled separately.

PERSONAL ATTENTION

Mr. Edwin R. Tully
Federal Bureau of Investigation
Baltimore, Maryland

Dear Mr. Tully:

After reviewing the results of the recent inspection of the Baltimore Office, I have approved the following ratings for your operations: Administrative Operations - Fair; Physical Condition and Maintenance, Investigative Operations, Personnel Matters, and Applicant Recruitment Matters - Very Good; Contacts - Excellent.

Your office space was found to be well maintained, efficiently organized and secure although located in an older building. I was pleased to learn of your economies in repair costs for your automotive fleet and the reduction in the number of accidents. Insure maximum and efficient utilization of your automotive fleet.

The responsibilities placed on the Bureau to detect in advance potential disturbances in the racial field are urgent and critical. The tense racial situation in Baltimore and Wilmington underscores my deep concern. Although your racial informant coverage is encouraging, I will hold you personally responsible for aggressive leadership toward further penetration of the militant black nationalist and hate groups operating in your territory.

Your favorable record of statistical accomplishments in all categories for the fourth consecutive year is most gratifying, and I hope you will continue this noteworthy progress. You must take appropriate steps to reduce investigative delinquencies and substantive errors which were found to be above the field average.

You have made significant improvement in your solution rate of violations of the Bank Robbery Statutes; however, a substantial number

of violations remain unsolved. An intensified program, with strict attention to the problem areas pinpointed and instructions issued by the Inspector, must be instituted. Your Criminal Intelligence and Interstate Gambling Activities Programs were rated very good. Follow the Inspector's instructions concerning Extortionate Credit Transaction cases and vigorously press investigation of interstate gambling violations.

Your Criminal Informant Program was rated fair and your Security Informant Program was rated very good. I am concerned and displeased by the considerable decrease in your potential criminal informants and the lack of improvement in the quality and accomplishments of your criminal informants. Immediately implement the suggestions of the Inspector. I will expect substantial improvement. You should also insure additional coverage is obtained in all chapters of Students for a Democratic Society in your territory. Concentrate on quality of performance and full participation in both of these programs.

The Chief Clerk's Office was found to be operating efficiently and I was pleased with the high production of the stenographic force. You should initiate action to reduce the project-type work and the high incidence of errors of form. Of particular concern to me were the gross delinquencies detected by the Inspector in the work performance of Special Agent [redacted]. This, coupled with the two administrative trends which were not corrected since the previous inspection, serves to highlight inadequacies in your administrative operations. You should take prompt and positive action to insure that these delinquencies do not recur.

Your Agent Recruitment Program has been productive but your failure to meet the monthly clerical applicant quota is most unsatisfactory. You must insure an even flow of top-quality applicants to the Bureau and every employee must share the responsibility. I insist upon strong personal leadership in this program and will accept nothing less than immediate and substantial improvement.

The enlargement of your speech program and increased utilization of radio and television are noteworthy. You should provide early opportunities for your Assistant Special Agent in Charge to meet all SAC contacts with whom he is not yet acquainted.

Mr. Edwin R. Tully

You and your Assistant Special Agent in Charge must carefully study the inspection findings and within thirty days of receipt of this letter inform the Bureau of the corrective action taken.

Sincerely yours,

**John Edgar Hoover
Director**

Dear Mr. Tully:

I am indeed pleased to note that during Fiscal Year 1969 there were no accidents involving Bureau vehicles chargeable to personnel in your division. In recognition of this excellent record, your office has earned a safe driving award, which is enclosed.

In achieving this fine record, it is apparent employees utilizing the Bureau's automotive equipment were operating these vehicles with the utmost care and alertness. It is a pleasure to express my appreciation.

Sincerely yours,

Dear Mr. Tully:

A review of Bureau records discloses a failure on your part to meet your assigned quota with respect to the Clerical Recruitment Program for Seat of Government during the combined period July, August, and September, 1969. You have been advised on several occasions of the critical need existing for qualified employees and it is evident, therefore, that you have failed to recognize the necessity of giving this program top priority.

Accordingly, I will expect you to take immediate steps to insure that sufficient personnel are assigned to recruiting activities and that you afford the program aggressive leadership so that there will be no basis to again criticize you for a similar deficiency.

Very truly yours,

J. Edgar Hoover

I want to commend you for the aggressive manner in which you followed up on the information furnished by a key resource informant of your office concerning the murder by Black Panther Party members of a suspected police informant. The arrest of seven Black Panther Party members on April 30, 1970, and the obtaining of Federal Fugitive warrants on four others testify to the success of your efforts.

The prosecution of individuals in extremist groups such as the Black Panther Party must be vigorously pursued whenever it has been determined that they have violated local, state or Federal laws. Your performance in this matter was most commendable.

Sincerely,

To recommend attached letter be sent Baltimore Special Agent in Charge (SAC) Edwin R. Tully commending him for outstanding work leading to recent arrest of Black Panthers in Baltimore. Recommendation for commendation also being made for Special Agent (SA) William C. Patterson, Racial Intelligence Section, Domestic Intelligence Division, for highly effective supervision in this matter.

Upon receipt of information developed by indicating Black Panther Party (BPP) members were responsible for murder of Negro suspected of being police informant, SA Patterson recognized this was more than just an ordinary local murder but a crime of national importance, the solution of which would be further evidence of these sadistic practices of the revolutionary BPP. Accordingly, he promptly initiated comprehensive instructions whereby the importance of the case was clearly pointed out to the Baltimore Office and, through approval of Director, SAC Tully was instructed to give matter his personal supervision and maintain top-level personal liaison with Baltimore Police Department to bring about a solution of case. Patterson's constant aggressive supervision of instant case as well as collateral Black Panther matters in Baltimore did much to keep the importance of this matter uppermost in the minds of both Baltimore Office and Police Department.

SAC Tully has done an outstanding job in his dealings with police officials, including Commissioner Pomerleau. Primarily, Tully pursued the matter relentlessly and made certain our informant was not compromised. This most delicate

matter was skillfully handled. In addition, case presented problems where political pressures were obviously being exerted on police department to go slow on the Panthers for fear of adverse reaction from the black community. The strong stand taken by Commissioner Pomerleau to move forward in his arrests despite these political obstacles is certainly attributable to the strong liaison and support given by SAC Tully.

MEMORANDUM FOR MR. TOLSON

Today I saw Special Agent in Charge Edwin R. Tully of the Washington Field Office, who was recently transferred to Washington from Baltimore, where he was also Special Agent in Charge. Mr. Tully makes an excellent and mature personal appearance.

I noted that the Washington Field Office did not have any classification of cases which exceeded 7% delinquency and I hoped he could continue this.

I also noted that in April the Agents in the Washington Field Office had closed 17.8 cases per Agent, which is higher than the field average and I hoped he could keep the average up.

I noted that for the first ten months of the current fiscal year when compared with a similar period of the previous fiscal year, the Washington Field Office had dropped 30% in automobiles recovered, and this should be given prompt attention.

I commented on the fact that the Agents in the Washington Field Office in April spent 18.1% of their time in the office and that the Security Squad spent 27.1% and the Accounting Squad 13.6% of their time in the office, all of which are excessive and should be reduced.

I stressed to Mr. Tully the value of informant coverage in all fields of our work, noting that the Washington Field Office has 105 criminal informants, 19 racial informants, 46 ghetto informants, 23 confidential racial sources, and 83 security informants, and the necessity for intensification of the development of top level informants.

I noted that the Agents of the Washington Field Office in April had averaged two hours and thirty-one minutes per day overtime and while this was excessive, I know of no way to reduce it in view of the volume of work and the shortage of personnel. I stated I wanted to emphasize the fact that I did not want any unnecessary overtime and whatever overtime was performed must be equitably shared by all or fringe benefits should be rescinded in those cases wherein the Agents are not able to equitably share the overtime.

Memorandum for Mr. Tolson

June 9, 1970

I noted since January 1, 1970, the Washington Field Office has recruited 9 Special Agents and supplied 27 clerical employees against a quota of 20. I stressed to Mr. Tully that this program should be intensified.

I discussed with Mr. Tully the Criminal Intelligence Program, noting that as of April 30th, the Washington Field Office had as office of origin 13 individuals under investigation in the Anti-Racketeering classification and that there has been no indication of La Cosa Nostra members residing within the territory. I further noted that although only one statistic has been obtained this fiscal year to date in the gambling classifications, ten individuals are subject to pending prosecution for violation of the antigambling statutes.

I also discussed with Mr. Tully the New Left, racial disorders, black extremist activity, white extremist organizations, and Soviet matters.

I noted that the Washington Field Office has 35 bank robberies, 1 bank burglary, and 1 bank larceny pending unsolved and every effort should be made to correct this.

SAC Joseph D. Purvis of the Washington Field Office has been ordered transferred as SAC in Savannah, and it is necessary to replace him. Purpose of this memo is to recommend that SAC Edwin R. Tully of the Baltimore Office be transferred to serve as SAC in Washington Field Office.

SAC Tully entered on duty 8/20/41 as Clerk, 1/4/43 as Special Agent, is in Grade GS-17, \$33,786, married with four children, born in Brooklyn, New York, and has a Bachelor of Science degree. SAC Tully served as ASAC in Oklahoma City and in Cincinnati. He served a tour of duty as an Inspector in the Training and Inspection Division before being designated SAC in Mobile 9/16/62. On 8/18/63 he was transferred as SAC, Baltimore, where he currently serves. Since this latter date, SAC Tully has been censured on five occasions, most recently on 10/21/69 for failure of his office to meet its assigned quota of clerical applicants for Seat of Government. However, since that date Baltimore's record on applicant recruitment has been excellent. Commencing 1/1/70 Baltimore has recruited 107 clerks which is almost double their quota. Since taking over as SAC at Baltimore, SAC Tully has been personally commended or agents have been commended through him on 37 separate occasions. He was personally commended most recently on 5/7/70 for the aggressive manner in which he handled information pertaining to and the arrest of seven Black Panther Party members. Baltimore Office was last inspected July - August 1969, at which time the Inspector commented he made an outstanding personal appearance and possessed an excellent personality. The office was rated as Very Good in Physical Condition and Maintenance, Investigative Operations, Personnel Matters and Applicant Recruitment Matters; Excellent in Contacts; and Fair in Administrative Operations. The latter rating was given because form errors were above field average and lack of adequate supervision was detected on the fugitive squad. The Director last saw Tully on 4/3/67 and commented that Tully made an excellent personal appearance, seemed to be intensely interested in his work, and the Director rated him above average. He was rated Excellent in his last annual performance rating dated 3/31/70. As of 4/30/70 Baltimore Office was up in two out of four statistical categories; namely, +11% in convictions, -84% in fines, savings and recoveries, +6% in fugitives apprehended

and -14% in automobiles recovered. As of the same date, Baltimore had 131 agents assigned with 4098 pending cases. As of the same date, Washington Field Office had 424 agents and 7284 pending cases.

That SAC Edwin R. Tully be transferred from Baltimore to Washington Field Office to serve as SAC at no change in grade or salary.

PERSONAL ATTENTION

**Mr. Edwin R. Tully
Federal Bureau of Investigation
Washington, D. C.**

Dear Mr. Tully:

After reviewing the results of the recent inspection of the Washington Field Office, I have approved the following ratings for your operations: Contacts - Excellent; Physical Condition and Maintenance, Investigative Operations, Administrative Operations, Personnel Matters, and Applicant Recruitment Matters - Very Good.

Continue to maintain your space in the best possible manner despite the deteriorated condition of the building and follow closely with the General Services Administration to insure that required painting is completed in the near future. With respect to your automotive fleet, I want you to make every effort to reduce repair and operating costs. Take positive steps to hold accidents to an absolute minimum.

Although some progress has been made in the development of coverage in racial matters and ghetto areas, I am not satisfied that the full impact of the problem is apparent to your office. Nowhere is our responsibility to completely saturate the racial field more compelling than in the Washington area. Black extremists and opportunists know that ghettos are fertile fields for their hate mongering, and use such District areas to promulgate their violence. I will hold you personally responsible to insure that coverage is such that the Bureau will be advised in advance of impending disturbances. Nothing less will be acceptable.

Agents conducting bank robbery investigations in your office have done a good job but they must continue to press for solution of your unsolved violations.

Mr. Edwin R. Tully

The deficit in automobiles recovered during the first eleven months of the current fiscal year seriously detracts from your accomplishment record. You must take aggressive steps early in each fiscal year to insure a favorable year-end picture in all categories.

We face increasing challenges in our organized crime and gambling investigations if pending legislation is passed. For this reason, as the Inspector has indicated, you must pay close attention to such matters in your office to insure that no time is lost in implementing investigative coverage of the proposed new statutes. Weaknesses pointed out in your top-echelon informant coverage and development must be corrected promptly, and maximum effort from all personnel assigned to these matters is essential. Your Criminal Intelligence and Interstate Gambling Activities Programs were rated very good, as were your Criminal and Security Informant Programs. You must emphasize improvement in coverage of the problem areas pointed out by the Inspector. In your New Left coverage weaknesses exist which can be corrected only through greatly intensified efforts to develop quality coverage at the heart of the dissent. New Left advocates want revolution by any means available, including violence, and only by knowing their plans in advance can we effectively neutralize their efforts.

Foreign intelligence agents offer an unusual challenge to even the most imaginative investigator. As Special Agent in Charge of an office where we have unlimited potential for significant accomplishments in espionage matters, you have a distinct obligation to provide the necessary aggressive leadership to insure positive counterintelligence results. Promptly implement the suggestions of the Inspector to improve this program.

The need for tighter supervision was highlighted by the six substantive errors detected and above-average number of missed applicant deadlines. I was pleased to learn of the efficient operation of your Chief Clerk's Office. However, you must endeavor to improve the production of your stenographic personnel.

The Inspector has informed me of the results of his survey of Agents assigned to security matters, and I have approved the transfer out of nine Agents to offices where their services are more urgently needed. Promptly follow the Inspector's instructions for reassignment of additional Agents to New Left and organized crime matters. Follow

Mr. Edwin R. Tally

closely the implementation of streamlining procedures in our handling of Interstate Transportation of Stolen Motor Vehicle investigations through the National Crime Information Center in order that you can make the appropriate reassignments of personnel as they become available for other work.

Due to the excellent response from the field in applicant recruiting for the Seat of Government, I have recently been able to discontinue the assignment of quotas. However, I want you to maintain contact with sources of the highest quality applicants to insure this program can be reinstituted, if necessary, in the minimum possible time.

The Inspector found the SAC contact program to be productive and diversified. You must arrange to personally meet these individuals as soon as possible.

You and your Assistant Special Agent in Charge must carefully study the inspection findings and within thirty days of the receipt of this letter inform the Bureau of corrective action taken.

A copy of this letter has been designated for SAC Purvis in Savannah.

Sincerely yours,

John Edgar Hoover
Director

Name: **EDWIN R. TULLY**Date: **July 29, 1970****APPLICATION**

- ☒ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
☐ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. Return this form to the Bureau.

☐ Not applicable.

- ☒ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ 51.
☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ _____.

ANNUITY

0 Annuities are computed on 27 months of service. The estimated annuity below is based on your ☒ Bureau service, including 11 year, 11 month, 9 days of accrued sick leave, ☐ other civilian Government service and/or ☐ military service known to us, totalling 29 years, 11 months, 9 days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls.

TYPES OF ANNUITY

☐ Reduced Annuity With Benefit to Person having an Insurable Interest \$ _____ \$ _____ \$ _____ \$ _____ \$ _____

☐ Survivor Annuity (55% of all or the portion of your annuity specified) \$ _____ \$ _____ \$ _____ \$ _____ \$ _____ plus annuity for each eligible child.

SEPARATION FROM ROLLS

Since you ☒ will cease active duty ☐ ceased active duty on 7-30-70 your annuity will commence 8-1-70 immediately following the ☐ cease active duty date or ☒ expiration of current accrued annual leave on 7-31-70 earned through 7-24-70. Item B2 on application ☐ changed to ☐ should be changed to close of business _____.

If annual leave was or will be used by you subsequent to _____, this date will change and the Bureau should be immediately advised.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. CSC will advise you of this amount.
- ☒ If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. CSC will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.
- ☒ Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service.
- ☒ You should send CSC over your signature any change in address, setting out your CSA (retirement) number, 7,400.
- ☒ You will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ _____.

A deduction for Federal income tax has been made from this estimate.

The above estimates include the recently declared 5.6% cost-of-living increase.

*The 63 hours of current accrued annual leave not being used prior to 7-31-70 was forfeited.

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

- ☐ Records show you elected Optional Insurance of \$10,000 and have Regular Insurance of \$ 36,000
- ☒ Records show you declined Optional Insurance but are covered by Regular Insurance of \$ 36,000
- ☐ Records show you waived both Regular and Optional Insurance.

You may continue your group life insurance coverage following retirement or convert it to an individual life insurance policy without being required to undergo a physical examination. Conversion to an individual life insurance policy necessitates paying the usual premium for a person of your age and class of risk. If you decide to convert, the Bureau should be immediately advised. Otherwise, SF-56, "Agency Certification of Insurance Status," will be forwarded to CSC and a copy sent to you. If you elect to continue Regular Insurance coverage, such protection will continue premium free until you reach age 65. At that time coverage will be reduced 75% (at 2% per month) by the time you reach age 68 years and 2 months. The remaining 25% is also premium free for the remainder of life. Optional Insurance of \$10,000, if continued after retirement, will be at full premium cost until you reach age 65. Thereafter, it is cost free for the remainder of life and commencing at age 65 it will be reduced 75% at the same rate as Regular Insurance. The premium cost of Optional Insurance varies as to age, beginning at \$2.82 monthly for persons under age 35 and ranging to \$41.17 monthly for persons age 60 or over. Optional Insurance may be continued after retirement if you continue to pay for it until age 65 provided you keep Regular Insurance. If you retain the Optional Insurance, CSC will deduct the cost from your annuity. You must have had Optional Insurance for all of your service during which it was available or for 12 years immediately before your retirement. Optional Insurance may be converted to an individual policy if you are not eligible to continue it or, if you do not wish Optional Insurance to be continued, you may waive coverage at any time by notifying CSC and still keep your Regular Insurance. Following retirement, double indemnity benefits concerning accidental death and dismemberment no longer exist for either Regular or Optional Insurance.

Note: If the annuity of an insured retired employee is terminated under any applicable law or regulation, his regular and/or optional life insurance coverage stops on the date of such termination, with no conversion rights thereafter.

DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

Designation filed:

- ☒ No. Beneficiary will be in order of precedence used by United States Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
- ☐ Yes; beneficiary designated as _____
- This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement.

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

- ☐ Records show you elected not to enroll.
- ☒ Records show you enrolled in the following plan:
- ☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
 - ☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
 - ☐ Comprehensive Medical Plan
 - ☒ Special Agents Mutual Benefit Association (SAMBA)

Note: The life insurance you have under this plan will continue in force until 1-10 or 7-10 coinciding with or next following the date of your retirement. If you desire to continue the protection beyond this time, you may do so without a physical examination. You may elect to continue up to age 70 at group rates 50% of your SAMBA Life Insurance. If you presently carry \$3,000 you may continue \$1,500 at a cost of \$3.25 semiannually. If you presently carry

Present Coverage	Amount You Can Continue	Semiannual Cost
7,000	3,500	\$12.25
10,000	5,000	20.00
12,000	6,000	25.75
15,000	7,500	33.50
20,000	10,000	48.00
30,000	15,000	75.00

The 50% of your SAMBA Life Insurance that cannot be continued with SAMBA may be converted to a regular policy with Prudential. At age 70, your coverage will terminate and you may then convert the amount of life insurance carried with SAMBA to a regular policy with The Prudential Insurance Company of America.

Your desire in respect to SAMBA Life Insurance at retirement should be communicated in writing to SAMBA, Suite 750, 1325 G Street, Northwest, Washington, D. C. 20005. If you have Dependents Group Life Insurance this will continue until the next semi-annual premium is due (1-10 or 7-10), with a 31-day grace period. You may continue \$1,000 coverage on your wife at a cost of \$2.25 semiannually until you reach age 70. The \$1,000 that cannot be continued with SAMBA may be converted to a regular policy with The Prudential Insurance Company of America without a medical examination. The premium will be the same as if your spouse applied for an individual policy at that time. You may make the necessary conversion arrangement through the nearest Prudential Office. The life insurance of your children cannot be converted.

Unless you cancel your present enrollment, you will remain under your health benefit plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self only."

The original of Standard Form 2810, "Notice of Change in Health Benefits Enrollment," will be forwarded to you by the Bureau at a later date.

SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)

If you are a member of SATI upon retirement, you cannot continue the Long Term Disability, Pension Supplement and the In-Hospital Income Plan. You may continue the Accidental Death, Dismemberment and Permanent Total Disability Plan and the Accident Medical Expense Plan at the same rates and amounts to age 60. You may also continue the coverage on your spouse to age 60 and your children to age 18 (or up to age 23 if a full-time student.) Upon attainment of age 60 you may only continue the Accidental Death and Dismemberment Plan but not the Permanent Total Disability portion to a maximum of \$25,000 on you and your spouse to age 75. The cost will be 19¢ per month per thousand. The Accident Medical Expense Plan cannot be continued after age 60. If you retire due to disability, you should contact Wright and Company, 1001 Connecticut Avenue, N. W., Washington, D. C. 20036.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

I wish to thank you for your courtesy in seeing me on Friday, July 24, on such short notice.

As I mentioned Friday, I wish to retire effective July 31, 1970, to accept the position of Deputy Secretary, Department of Public Safety, State of Maryland. This very difficult decision was prompted by family financial responsibilities as only my obligations to my family's future could cause me to leave the Bureau. It was, and still is, an agonizing decision. I have been very proud and happy in the Bureau for almost twenty-nine years. I shall always be a Bureau Agent in spirit, and I shall always be grateful to you for the confidence you have shown in me over the years.

It has been an honor for me to be associated with you, Mr. Hoover, and the FBI. I shall always be at your service.

Sincerely,

Edwin R. Tully

Dear Mr. Tully:

I am taking this opportunity to commend you and, through you, the personnel of the Washington Field Office who performed in such an admirable manner relative to the demonstrations held during the activities on Honor America Day, July 4, 1970, in Washington, D. C.

Everyone handled his assignments with skill, determination, and aggressiveness despite the probability of a serious confrontation and, as a result, this arduous task in this area of our operations was successfully completed. I want to thank you for your fine leadership and ask that you convey my gratitude to the others for their assistance.

The following is a brief summary of SAC Tully's record for the Director's use.

He entered on duty 8/20/41 as a Clerk and appointed a Special Agent on 1/4/43. During his career, he has served as a Seat of Government Supervisor, ASAC and SAC, in which capacity, he is presently serving in the Washington Field Office, having reported there on 6/1/70. Since May, 1967, he has listed no offices of preference. On his 1970 Annual Performance Report he was rated EXCELLENT.

He was last CENSURED on 10/21/69 inasmuch as a review of Bureau records disclosed a failure on his part to meet his assigned quota with respect to the Clerical Recruitment Program for Seat of Government during the combined period July, August, and September, 1969. He was last COMMENDED on 7/21/70 and through him, the personnel of his division, for the especially fine record realized in all four categories of accomplishments during the past fiscal year. Under date 7/27/70 Agents of the Washington Field Office who performed so capably in connection with the investigation of [redacted] and others, the subjects of a Bank Robbery case, are being COMMENDED through him.

The Director last saw him on 6/9/70 and stated he made an excellent mature personal appearance. The Director discussed with him, the various functions of the Washington Field Office.

DURING AN INSPECTION OF THE WASHINGTON FIELD OFFICE IN MAY-JUNE, 1970, INSPECTOR EDWARD S. MILLER STATED he made an excellent appearance, was aggressive, businesslike, capable administrator who possessed far above-average knowledge of Bureau's policies and procedures. His ability qualified him to continue as SAC. The various functions of the office were rated as follows:

His wife, [REDACTED], was formerly employed as a [REDACTED] in the New York Office. She entered on duty 12/10/40, resigned 2/1/44, reinstated 4/19/44 and resigned 6/9/45. Her services were satisfactory.

His sister-in-law, [REDACTED], was formerly employed as a [REDACTED] in the New York Office. She entered on duty 11/22/48 and resigned 5/31/57. Her services were satisfactory.

Prior to reporting to Washington Field as SAC on 6-1-70 Mr. Tully had been SAC at Baltimore. An inspection of the Baltimore Office was completed 6-19-70 and various functions of the office were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....VERY GOOD
INVESTIGATIVE OPERATIONS.....VERY GOOD
ADMINISTRATIVE OPERATIONS.....FAIR
PERSONNEL MATTERS.....VERY GOOD
APPLICANT RECRUITMENT MATTERS.....VERY GOOD
CONTACTS.....EXCELLENT

On Investigative Operations it was noted delinquency was above the field 7 of the last 10 months, and accomplishments for the fiscal year 1970 were down substantially in fines, savings and recoveries. The Director noted "I think rating of "very good" entirely too liberal." The rating of Fair with regard to Administrative Operations was due to the fact form errors were above the field average, stenographic and typing production was above the field averages, but other various administrative delinquencies were detected. The inspection reported that radio, television and newspapers covered Bureau matters in a favorable manner. The Director noted, "Certainly Balt. Sun doesn't. It is extremely hostile to FBI."

In connection with the Baltimore inspection the Director stated "If I had known about condition of Balt. Office I would not have named Tully as SAC at Wash.H."

I very much appreciate your kind letter of August 21st and your invitation for me to attend your Annual Conference in Ocean City, September 7th through 9th. While I would very much like to be with you, I regret that prior commitments will preclude my attending.

I have checked with Deputy Associate Director Jenkins and find that he, also, has prior commitments for those dates.

Mr. Clarence M. Kelley
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Kelley:

I have been contacted by former Special Agent in Charge Edwin R. Tully, now retired, who is the immediate past President of the Maryland Chiefs of Police Association, to extend an invitation to you on behalf of the Maryland Chiefs and The Advertising Club of Baltimore, Inc., to address their annual luncheon honoring law enforcement on November 12, 1975, at 12:00 Noon.

The Advertising Club of Baltimore, Inc., is considered one of the most prestigious organizations in the State of Maryland, and the luncheon is being co-sponsored by that organization and the Maryland Chiefs of Police Association. General Leonard F. Chapman, Jr., United States Commissioner of the Immigration and Naturalization Service, appeared as guest speaker at their luncheon last year.

REC-142 67-531706-319

It is anticipated that more than 200 prominent, and influential business executives from the entire state, as well as local, state and Federal law enforcement officials, the judiciary and other members of the legal profession, will be in attendance.

Your appearance would most certainly be afforded considerable attention by both the written and electronic media here, and since Baltimore is so close to Washington, D. C., your remarks would impact on the media there as well, and undoubtedly receive nationwide attention.

Dear Judge Webster:

On November 19, 1981, I visited the FBI Academy in Quantico, Virginia. Mr. James D. McKenzie met our party and showed us around the Academy. Colonel T. S. Smith, Superintendent of the Maryland State Police, was with me and we were particularly interested in the Research and Training Laboratory and its functions.

We spent a very productive morning at the Academy and were impressed with its facilities and personnel. We particularly appreciated Mr. McKenzie's graciousness. His appearance, demeanor, and knowledge of the Academy and its objectives are a great credit to the Bureau. As a former SAC, I was proud to visit the Academy and greatly impressed with Mr. McKenzie and his staff.

I might add also that Ed Hegarty, the Baltimore SAC, is highly respected by all of us in Maryland.

My best wishes to you for continued success as Director of the Federal Bureau of Investigation.

Sincerely,

Asst. Dir. James D. McKenzie

While I know you have a terribly heavy schedule, I would respectfully encourage you to give this invitation every possible consideration.

On behalf of all the fine people assigned to the Baltimore Office who would dearly love to see you, I might, as an aside, add that the occasion could possibly afford the opportunity for you to briefly visit this office. It would be a rewarding experience for all of us.

With every best wish always,

Sincerely,
